

ALTERNATIVE FINANCING

Customized Finance Program Designed to Meet Your Financial Objectives:

- Reduces the need to obtain capital expenditure approval which can take 6-12 months or more.
- Increases flexibility to add services or upgrades you need right now that would be considered otherwise unaffordable.
- Monthly payments can be tailored to meet budgetary requirements.
- Accommodates seasonal business needs with a deferred payment program.
- Upfront payments are advanced on your behalf.
- Prevents the use of current working capital or line of credit.
- Provides an alternative to borrowing from the bank.
- Implements a “No money out-of-pocket solution”.
- Allows acquisition of necessary equipment by Fiscal year end when budgetary restrictions exist.

Example 1: MONTHLY PAYMENTS

Equipment Cost: \$100,000 - Monthly Payment is \$2,325/mo for 60 months.
 Equipment Cost: \$200,000 - Monthly Payment is \$4,650/mo for 60 Months.
 Equipment Cost: \$250,000 - Monthly Payment is \$5,825/mo for 60 Months.

Example 2: ADVANCE DEPOSITS REQUIRED *(when placing orders for equipment.)*

Alternative Financing can advance payments on your behalf per terms of the purchase order .
 1/3 down with purchase order - 1/3 upon drawing approval - 1/3 prior to shipping

Example 3: IMMEDIATE SAVINGS WITH ALTERNATIVE FINANCING *(installed 100GPM Boiler Feed RO system)*

Installed Equipment Costs: \$152,585.75

Annual Operating Costs	\$16,179.12
Annual Monthly Equipment Payments(based on a 60 month term)	\$41,450.00
Total Estimated Costs	\$57,629.12
Less Annual Energy Savings	\$110,740.00
Annual Positive Savings	+\$53,110.88

**Using Alternative Financing allows the client to use their “Operating Budget” as opposed to their “Capital Equipment Budget” to receive an immediate net savings in operating costs every month upon equipment installation.*

Example 4: FUNDS DO NOT EXIST IN SHORT-TERM BUDGET *(a step payment program can be implemented.)*

Solution: 60 Month Step Payment Program.
 Months 1 thru 6 @ \$100/mo
 Months 7 thru 60 @ \$2,450/mo
Example based on \$100,000 equipment cost
